

CAUTION!

Conserve your coal supply. Christian county is facing the most serious coal famine known in many years. Make your coal go as far as possible; order no more than you actually need. The railroad has not sufficient equipment to carry on its business. The coal mines have the coal and men, but the railroad has allowed its cars to go to other roads and they cannot get them returned. This condition may last two or three months.

The coal mines can get only a few cars each day and this has compelled them to raise the price.

I have for 47 years stood between the people and inferior coal and high prices. I will endeavor to supply my regular trade at this time. You may feel assured if there is coal to be had I will get it. This advertisement is not written with an idea of increasing my sales. I want the people to know the conditions as they exist and help make the supply go as far as possible. Prices until further notice on coal delivered will be:

Lump 13c bushel, Nat 12c bushel, Mine Run 10c bushel, Pea and Slack 7c bushel.

WILSON HAS 331 IN STRAW POLL

Herald's Vote Shows the President Can Win Without New York.

New York, Oct. 30.—The New York Herald's straw vote to date shows Wilson leading Hughes in states which electoral votes are necessary for election have 331 electoral votes.

The states which the Herald gives to President Wilson are Colorado, Connecticut, Idaho, Illinois, Kentucky, Maryland, Minnesota, Montana, New York, Ohio, Washington, West Virginia, Wisconsin and all the south.

Even without New York, which the president will carry by upward of 100,000, the Herald shows he would have 286 electoral votes.

"The drift during the week unquestionably is in the president's direction," the Herald says.

Fifty-two Heroes.

Pittsburg, Oct. 30.—Fifty-two acts of heroism were recognized by the Carnegie Hero Fund commission at its fall meeting here. In six cases, silver medals were awarded; in forty-six bronze medals. Twelve of the heroes lost their lives; and to dependents of six of these pensions aggregating \$3,120 yearly were granted. To the dependents of three of the others who died, sums totaling \$2,000 were granted to be applied in various ways subject to the direction of the commission.

Two of the heroes sustained injuries which disabled them. In the case of one benefits of \$125 were granted, and in the other a pension of \$30 a month was allowed.

A Change Has Come Over

The Spirit of His Dreams

Before he got the presidential bee in his bonnet, Candidate Hughes made this statement: "The president is doing magnificently," which is vouched for by the highest authority

and show that in his normal state, Mr. Hughes is both a man of discernment and a truthful one. The moment he is nominated, however, his whole nature changed and now he cannot say too mean things of the man to whom he gave his tribute of praise. If Mr. Hughes was honest then he is dishonest now and deserves what he is destined to get—the worst turn down a presidential candidate ever got, not excepting Taft.

RHEUMATISM AFTER HIS DAY'S OUTING

**Hunting Trip On a Wet Day
Brings Painful Results.**

Once upon a time Charles Mullen, of Philadelphia, went gunning. It was a dismal rainy day, and long exposure to cold and wet brought on a severe attack of rheumatism. He was confined to his home.

A friend recommended Sloan's Liniment, citing his own case as evidence of its effectiveness. Mullen bought a bottle and applied it to his aching limbs. Soon improvement was noticed and he was able to return to business.

Mr. Mullen writes: "Since that experience I have never been without Sloan's Liniment in the medicine chest." You will find it soothes bruises, sprains, toothache, and relieves lame back, neuralgia, in fact all external pains. At all druggists, 25c., 50c. and \$1.00 a bottle.

BUGGY BACKED OFF ABUTMENT

**Two Occupants Are Injured
In Accident Near Pee
Dee Sunday.**

Mrs. Lucian Wilson and one of her children were badly bruised Sunday, when the horse they were driving to a buggy backed off an abutment to the bridge which spans Little River at Jones' mill, one mile south of Pee Dee. Mr. Wilson and his wife and two children were driving, when the horse became frightened at some object and began to back. Mr. Wilson got out of the buggy and took hold of the bridle, when the harness broke, and the buggy and its occupants went down the bank. One of the children escaped injury. Mrs. Wilson and the injured child were taken to the residence of Wallace West, near by, and were attended by Dr. H. L. J. Hille, of Roaring Spring. They were able to be carried home yesterday morning.

A Favorite of The Interests.

Mr. Hughes has always been a favorite of "the malefactors of great wealth." When he ran for Governor of New York, Morgan, Carnegie, Morton, Rockefeller and others with swollen fortunes put \$313,923 in his campaign fund. And they are putting up millions now where they put up thousands then. If he is elected, he will be owned body and soul by them and do their bidding. Realizing what it meant before to be under the control of such interests, the voters are not going to permit such a calamity, but will retain in office the man who is in sympathy with the common people and has done so much for them.

Big Slush Fund.

The Republican National Committee, it is stated, has sounded the "S. O. S." for Barnes, Smoot and Gallinger and their followers, and a golden stream in contributions is flowing into the G. O. P. campaign fund. It is reported that some trunk line railways will send out armies of workers who will prophesy calamity in case Hughes is not elected.

Soldier Killed.

Robert E. Sullivan, age 24, Fort Wayne, Ind., was killed Sunday by an accidental revolver shot fired by Burl Nicholson, of Indianapolis. Nicholson was in a tent adjoining Sullivan's showing companions a revolver he had just received from Indianapolis. They were in camp at Llano Grand, Tex.

Wants Wall Street's

Power Restored

The 100 per cent. candidate does not like the Federal Reserve law, acknowledged to be the greatest of all the great achievements of the Wilson administration. Under it panics are impossible. Mr. Hughes wants his

friends of Wall Street restored to the privilege of engulfing the country in ruin and suffering in order that they may profit by the loss of others. But God reigns and will never permit a return to the conditions that empowered a handful of men to create a panic either for cause or for none at all. They are going to re-elect Wilson and keep it on the statute books.

Tammany Loyal

Tammany's loyalty to Wil-on, as evidenced by a great pilgrimage to Shadow Lawn Saturday, the handling of which by railroads required many special trains, was the source of renewed optimism at Democratic national headquarters.
